Each plant, each vine, each tree and shrub
Has a nature all its own
To look its best
To do its best
It must be rightly grown.

FOREWORD

This spring finds us beginning our thirty-eighth year in business. We are proud of the part we have played during these years in making Cincinnati one of the most beautiful cities in America and we are happy to have so many friends, not only in this immediate area, but throughout the middle west. We will strive to constantly increase this circle of friends by furnishing better service and plant materials.

Most of the plants listed are grown in our 250 acres of nurseries. Since freshly dug plants are superior, we maintain no storage cellar. All plants have been frequently transplanted, pruned, sprayed, fertilized and cultivated. The high altitude and heavy soil of our nurseries, together with our present program of drainage, soil improvement and irrigation, makes it possible for us to supply you with high quality nursery stock.

All ornamental plants listed comprise only those varieties we have found from our years of experience to be adaptable to our soil and climate, and will fill any need for landscaping in this area. However, we have many of the rarer species grown in large specimens of sizes not here listed. Call or write for quotations, if interested.

LANDSCAPE SERVICE

Today we have one of the most complete landscape organizations in the country. We have the technical personnel and equipment to efficiently handle any type of landscape work. A staff of experienced representatives are at your disposal to give advice and help you plan; a large force of skilled landscape and nursery workers and service trucks are available for your needs. Our services include the following.

LANDSCAPE PLANNING

Design
Planting Plans

Residence Location
Construction Design

Natorp's

CONSTRUCTION

Walks
Drives
Pools

Walls
Steps
Grading

PLANTING

Lawn Work
Planting
Transplanting

Large Tree Moving
Perennials Beds
Rose Beds

TREE MAINTENANCE

Tree Surgery
Pruning
Spraying

Tree Removal
Feeding
Guying and Bracing

Without obligations, you may avail yourself of the service of one of our experts to give you advice and price quotations on any of the above work.

We have available many large specimens of the better varieties of shade trees, evergreens and shrubs. With our modern method of tree moving, it is now possible for us to move and successfully transplant large specimens almost any time of the year, at a cost commensurate with the immediate effect and abundant shade you will receive. Every large tree we furnish and plant is guaranteed to grow. We offer you, also, the service of experienced men to advise you in the selection and location of these specimens.

Numbers following variety names indicate height in feet at maturity.

GARDEN STORE

For the many people who prefer to do their own gardening, and who like to select their plants to take home and plant themselves, we have available "Natorp's Garden Store" located on Montgomery Road in Kenwood.

Here you can park in our large convenient lot, look around the huge sales area and display grounds, and choose those plants that may interest you. Attendants will be at your service to help you make selections and answer your questions. A full line of garden tools, spray material, fertilizers, seeds and garden accessories are on sale, also. Stop and visit with us when out driving. You will find it a pleasant experience. The "Garden Store" is open daily, including Sundays, from 9:30 to 5:30.

We maintain, also, a similar sales ground at our main office, 4400 Reading Road. Open from 8 to 5. Closed Sundays.

Natorp's

EVERGREENS

Evergreens form an essential part in any treatment of the home and its grounds. They look effective 365 days of the year, retaining their foliage throughout the winter. They are useful and attractive in foundation plantings, in groups or masses, as specimen plants and to accentuate points in formal gardens. Our Evergreen collection is one of the largest and most complete in the middle west. Frequent transplanting in our nurseries, especially in our heavy clay soil, develops a good root system. All Evergreens are sheared and staked from small plants up and developed into well shaped specimen plants. The best time to plant Evergreens is in the spring from March to May, and in the fall from August to October. However, when carefully handled, Natorp's Evergreens can be planted any time during the year.

Prices include balling and burlapping.

2 to 3 ft.	B&B	\$ 6.25	6.00	5.75
3 to 4 ft.	"	8.25	8.00	7.75

BROAD LEAVED EVERGREENS

Under "Broad Leaved Evergreens" are classed all shrubs retaining their foliage during the winter months. For city planting, in many instances, they have given better results than the coniferous evergreens. Many varieties of evergreens lend beauty with both bloom and luxuriant evergreen foliage. Most of these broad leaved sorts prefer protected locations. Prices include balling and burlapping unless otherwise noted.

	Each <u>1-2</u>	Each <u>3-9</u>	Each <u>10-25</u>
ABELIA grandiflora (Glossy Abelia) 3-4'			
Lilac and white flowers. Blooms all summer.			

2 to 3 ft.	B&B	\$ 4.00	3.75
3 to 3½ ft.	"	4.75	4.50

AZALEA

For best results "Azaleas" should be planted in well prepared ground. Since they are acid loving plants, it is well to use a liberal amount of peat moss and leaf mold. Good treatment will produce the happiest results for you. In order to keep the Azaleas together as a group, we have included the deciduous type among the following.

AZALEA

Hinodegiri - evergreen (Ruby Red)

9 to 12 in.	4.50	4.25
12 to 15 in.	7.00	6.75
15 to 18 in.	9.25	9.00

18 to 24 in.	6.25	6.00	
2 to 3 ft.	8.25	8.00	

NOTES

Natorp's

DECIDUOUS SHADE TREES

Trees occupy, by far, the greatest place in our landscape. Everyone knows the value of shade trees and they may be regarded as a permanent investment. We could not do without them. Select them with care. For permanency choose the hardwood types, although they grow a little slower.

In addition to the trees listed, we have available many large specimens of the better varieties of shade trees, evergreens and shrubs. With our modern methods of tree moving, it is now possible for us to move and successfully transplant large specimens almost any time of the year at a cost commensurate with the immediate effect and abundant shade you will receive. Every large tree we furnish and plant is guaranteed to grow. We offer you also, the service of experienced men to advise you in the selection and location of these specimen trees.

The caliper measurement is taken at a point six inches above the ground. Prices include balling and burlapping, unless otherwise noted.

Each	Each	Each
<u>1-2</u>	<u>3-9</u>	<u>10-25</u>

ACER platanoides (Norway Maple) 60'
Dark green foliage until late autumn, then turns rich yellow.

1½ to 2 in. caliper	\$20.00
2 to 2½ in. "	26.00
2½ to 3 in. "	33.00

---- platanoides schwedleri (Schwedler Maple) 50'
Reddish-purple leaves in the spring.

1½ to 2 in. caliper	20.00
2 to 2½ in. "	26.00
2½ to 3 in. "	33.00
Specimens - 6 to 8 in.		

---- platanoides nigra (Pat.No.735) (Crimson King Maple)
A brilliant crimson form of Schwedler Maple that holds its color through the summer months.

5 to 6 ft.	B&B 12.00
------------	-----	-------------

---- rubrum (Red or Scarlet Maple) 60-70'
Brilliant red autumn coloring, gray bark, excellent in moist locations.

1½ to 2 in. caliper	20.00
---------------------	-------	-------

DECIDUOUS SHADE TREES

	Each <u>1-2</u>	Each <u>3-9</u>	Each <u>10-25</u>
ACER saccharinum (Silver Maple) 70-80'			
Quick growing, leaves are silvery underneath.			

SOLD OUT

---- saccharum (Sugar Maple) 80-90'
A stately long lived tree. Rich yellow autumn coloring.

2 to 2½ in. caliper	26.00
2½ to 3 in. "	33.00
Specimens - 6 to 9 in.		

AESCULUS carnea (Red Horse Chestnut) 40'
Handsome slow growing tree, attractive red flowers.

SOLD OUT

----- hippocastanum alba (White Horse Chestnut) 60'
Forms a broad, rounded pyramid. Showy panicles of white flowers.

2 to 2½ in. caliper	19.00
2½ to 3 in. "	26.00

BETULA alba pendula (European White Birch) 40'
Very attractive tree with white bark.

5 to 6 ft.	10.00
6 to 7 ft.	12.50

----- nigra (River Birch) 50'
A native tree with dark bark. Best of Birches for Cincinnati area.

5 to 6 ft.	12.50
8 to 10 ft.	30.00

CARPINUS -- See Ornamental Trees

✓ FAGUS grandiflora (American Beech) 70'
Large spreading tree with smooth bark of a light steel gray. Bluish green leaves which turn bright yellow in the fall.

1½ to 2 in. caliper	20.00
Specimens - 6 to 9 in.		

---- sylvatica -- See Ornamental Trees

DECIDUOUS SHADE TREES

	Each <u>1-2</u>	Each <u>3-9</u>	Each <u>10-25</u>
FRAIXINUS americana (White Ash) 60'			
Fairly rapid grower. Assumes pleasing golden tones in autumn. Likes moisture.			
1½ to 2 in. caliper	\$13.50	
GINKGO biloba (Maidenhair Tree) 60'			
A remarkable tree dating back to geological times. Fan shaped leaves turning bright yellow in fall. A desirable tree because of its freeness from disease, and insect pests.			
1½ to 2 in. caliper	20.00	
2 to 2½ in. "	26.00	
2½ to 3 in. "	33.00	
Specimens 3 to 4 in.			
----- biloba fastigiata (Pyramidal Ginkgo) 50'			
A narrow columnar form of Ginkgo Biloba.			
1½ to 2 in. caliper	20.00	
2 to 2½ in. "	26.00	
GLEDITSIA triacanthos inermis (Thornless HoneyLocust) 50'			
A fast growing tree with finely divided foliage. Withstands smoky city conditions. Long lived hardy tree.			
1½ to 2 in. caliper	20.00	
2 to 2½ in. "	26.00	
----- triacanthos inermis "Moraine" (Pat.No.836) (Moraine Locust)			
Vase shaped and wide spreading when older. Non-fruited habit permits better foliage that hangs on later in the fall.			
6 to 8 ft.	B&B	12.00
GYMNOCLADUS dioicus (Kentucky Coffee Tree) 40-50'			
Another tree frequently planted for ornamental purposes. Blue-green foliage, slow growing, has picturesque outline.			
2 to 2½ in. caliper	26.00	
2½ to 3 in. "	33.00	
LARIX decidua (europaea) (European Larch) 50'			
An excellent specimen tree. Deciduous, short needles. Upright growth.			
4 to 5 ft.	8.50	
5 to 6 ft.	12.50	

DECIDUOUS SHADE TREES

Each	Each	Each
<u>1-2</u>	<u>3-9</u>	<u>10-25</u>

LIQUIDAMBAR styracifula (American Sweet Gum) 60'
One of the best trees for fall color. Has corky bark and star shaped leaves.

1½ to 2 in. caliper	\$20.00
2 to 2½ in. "	26.00

LIRIODENDRON tulipifera (Tulip Tree) 80'
A quick grower. Yellow tulip-like flowers in June.

SOLD OUT

MAGNOLIA -- See Flowering Trees

MALUS -- See Flowering Trees

PLATANUS acerifolia (London Plane Tree) 80'
Quick growing, stands city conditions.

SOLD OUT

----- occidentalis (American Plane Tree) 80'
Bark of limbs and branches almost white, base of trunk dark brown and shaggy. Very picturesque.

6 to 8 ft.	B&B	10.00
------------	-----	-------	-------

QUERCUS alba (White Oak) 90-100'
Slow growing, rugged Oak. One of the noblest of trees.

Specimens - 6 to 8 in.

----- borealis rubra (Northern Red Oak) 75'
A splendid tree, developing a broad, rounded head. Shiny green leaves, good autumn color.

Specimens - 7 to 9 in.

----- palustris (Pin Oak) 80'
Pyramidal in shape with glossy green foliage. This tree grows quite rapidly yet retains the sturdiness of the Oak family. Takes kindly to cultivation and is very adaptable. Excellent autumn coloring.

1½ to 2 in.	B&B	14.50
2 to 2½ in.	"	19.00

Specimens - 5 to 8 in.

DECIDUOUS SHADE TREES

	Each <u>1-2</u>	Each <u>3-9</u>	Each <u>10-25</u>
QUERCUS phellos (Willow Oak) 50'			
Narrow willow-like leaves, turning yellow in fall, which makes this Oak distinct from the family.			
1½ to 2 in. caliper	\$20.00		
Specimens - 7 to 8 in.			
----- robur fastigiata (Pyramidal English Oak) 50'			
Stately, long lived, columnar tree. Bright green leaves, turning yellow in fall.			
Specimens - 3 to 4½ in.			
SALIX elegantissima (Thurlo's Weeping Willow)			
Vigorous grower, does best in moist location.			
6 to 8 ft. B&B	9.00		
TAXODIUM			
Narrow pyramidal form, with soft green foliage. Suitable for swampy places.			
3 to 4 ft. B&B	7.50		
TILIA cordata (europaea) (Little-leaf European Linden) 70'			
One of the best for general planting. Forms very symmetrical trees.			
Specimens - 5 to 6½ in.			
----- platphyllos pyramidalis (Pyramidal Big-Leaf Linden) 50'			
Pyramidal growth. Very large leaves.			
8 to 10 ft. B&B	20.00		
10 to 12 ft. "	30.00		
ULMUS pumila (Siberian or Chinese Elm) 70'			
Rapid growing Elm, forms a dense spreading top.

2 to 2½ in. "	17.50		
2½ to 3 in. "	23.50		

ORNAMENTAL
and
FLOWERING TREES

To draw a distinct line between the division of trees, flowering trees and flowering shrubs would be a difficult task. However, we have endeavored to select a group of those plants (small trees and large shrubs) which have exceptional value as "Ornamentals" due to their flowering, fruiting and foliage characteristics. Prices include balling and burlapping, unless otherwise noted.

		Each <u>1-2</u>	Each <u>3-9</u>	Each <u>10-25</u>
ACER ginnala (Amur Maple)	15-20'			
Low branches, medium height; brilliant fall coloring.				
6 to 8 ft.	B&B	\$10.00	9.50	
---- palmatum atropurpureum (Japanese Bloodleaf Maple)	8-10'			
Rich purple-red leaves. Best in sun for full color effect.				
9 to 12 in.	Pots	4.75	4.50	
15 to 18 in.	"	7.50	7.25	
2 to 2½ ft.	B&B	17.50

SHRUBS

The judicious planting of shrubs adds greatly to the beauty and value of property, and contributes a wealth of pleasure and interest to the home. A good shrub collection will present the greatest variety of color throughout the season, both in flower and foliage. Even in winter it is attractive in appearance from the gracefulness of its stems and branches, and from the color of its bark. Irregular massing is the most picturesque method of shrub planting, and a selection of varieties for every requirement can be made from the following list. All shrubs bare-root unless specified otherwise.

		Each <u>1-2</u>	Each <u>3-9</u>	Each <u>10-25</u>
ACANTHOPANAX sieboldianus (pentaphyllum) (Five-leaf Aralia)				
Graceful, arching habit, good foliage. Splendid for banks. Stand city conditions.				
4 to 5 ft.	\$ 1.75	1.50	
5 to 6 ft.	2.25	2.00	
↓ ARONIA brilliantissima (Brilliant Red Chokeberry) 5-6'				
Brilliant red berries. Good fall coloring.				
2 to 3 ft.	2.25	2.00	
3 to 4 ft.	2.75	2.50	
----- ↓ melanocarpa (Black Chokeberry) 6-8'				
Delicate white flowers in May, black berries in the fall.				
3 ft.	2.75	2.50	
BENZOIN (See Lindera)				
BERBERIS thunbergi (Japanese Barberry) 4-5'				
A splendid low hedge plant or for massing. Brilliant Autumn coloring and scarlet berries.				
18 to 24 in.	1.25	1.00	
2 to 3 ft.	1.75	1.50	
3 to 3½ ft.	2.25	2.00	
----- columnaris				
An upright, compact plant.				
2 to 3 ft.	1.75	1.50

VINES
and
GROUND COVER

Hardy vines and climbers add greatly to the beautification of the home by covering banks and bare spots and giving shade and fragrance to the pergola and veranda. There is a great diversity of habit and variety among the vines. Some vines are best suited for shade, others for flowers. Many of them require some supporting to brick, stone, or other materials of similar texture. These are useful for softening the rough corners of the house.

Each <u>1-2</u>	Each <u>3-9</u>	Each <u>10-25</u>

NOTES

FRUIT TREES

The home orchard is coming back into popular favor, for who can resist the beautiful show of blossoms in the spring and the joys of luscious fruit in the fall.

We carry the choicest variety of fruits which have proven successful growers in this section.

Some fruit trees are available in large sizes. These trees are heavy branched and beautifully shaped. They will save you many years of waiting for blossom, shade and fruit. They are from six to seven years old and are excellent plants for specimen planting.

<u>APPLES</u>	Each <u>1-2</u>	Each <u>3-9</u>	Each <u>10-25</u>
---------------	--------------------	--------------------	----------------------

✓ Grimes Golden: One of the best pure yellow winter apples for home use.

4 to 6 ft.	\$ 2.00	1.50	
8 to 10 ft.	B&B	20.00		

✓ Jonathan: An early bearing variety. Red medium sized fruit. Good keeping winter apple.

4 to 6 ft.	2.00	1.75	1.50
------------	-------	------	------	------

✓ Red Delicious: Large uniform sized fruit distinguished by the five lobes in the blossom end,

4 to 6 ft.	2.00	1.75	1.50
8 to 10 ft.	B&B	20.00		

✓ Red Stayman: Rich red, high quality fruit. Winter apple. Bears early and regularly.

4 to 6 ft.	2.00	1.75	1.50
10 to 12 ft.	B&B	22.50		

✓ Wealthy: Large, shaded dark red fruit; an extremely hardy and heavy bearing fall apple. Ripens over a long period of time; should be in every orchard.

4 to 6 ft.	2.00	1.75	1.50
------------	-------	------	------	------

✓ Wealthy-Dwarf 3.50

✓ Yellow Transparent: Waxy yellow fruit. Productive early bearer. Best summer apple.

PRICES: This list cancels all previous prices, which are subject to change without notice, and apply only to stock available on receipt of order. All prices are F.O.B. our Nurseries and do not include packing charge. Orders of \$15.00 or more are delivered free of charge in greater Cincinnati.

TERMS: Cash with order, except to customers who have established an account with us, in which case accounts are due within thirty days from date of invoice.

HOW TO ORDER: Indicate order plainly, giving name, correct address including zone number, telephone number, time of delivery desired and method of shipping. Since plants are dug fresh for shipment, it is necessary to order several days in advance of desired time of shipment.

GUARANTEE: Our nurseries are frequently inspected and intensively sprayed or dusted. We guarantee our plants to be true to name and size specified. We cannot guarantee plants to live that are not planted by us, as we have no control over the method by which they are planted or the condition under which they are grown.

SUMMER PLANTING: Most plants can be transplanted during the summer months if balled and burlapped (B&B). Prices of plants marked B&B include price of balling. Plants not marked B&B are bare rooted. An extra charge is made for balling these. (See schedule).
